SENTRY SHAKE

PROTECTING WHAT MATTERS

Sentry Shake is premium grade roofing. Sentry is formed using the highest quality steel using advanced form press machinery. A tough G-90 galvanization coating, topped with a superior, multi-tone Kynar® 500 paint finish provide the strength and natural beauty you desire. Sentry Shake has a subtle wood grain embossed surface to provide just the right texture, and is available in 3 stunning wood shades.

Sentry Shake

Natural Cedar, Steel Performance

Natural

For centuries homeowners have chosen cedar shake roofing for its natural appearance and beauty. Unfortunately wood roofing has its disadvantages including high maintenance, low life span, and high flammability.

Introduce Sentry Steel Shake Roofing.

Steel

Press stamped from 29 gauge G-90 galvanized steel, Sentry Shake offers the strength, light weight, and fire resistance that you need.

Cedar At All Stages of Life

Sentry Shake is available in three true-to-nature finishes: New Cedar, Aged Cedar, and Weathered Cedar. Whether you want the look of freshly split cedar, cedar as it ages through time, or cedar that has faced inclement weather, Sentry Shake has just the look to complete your home.

Lifetime

Sentry Shake is a lifetime roof, backed by a lifetime warranty.
